Sub: Rejoinder to the news item published in Punjab Kesari dt. 7.05.2022 under the caption " Gautam Gambhir ko Jhatka, Sadak Par Nahi Hogi Loading- Unloading"

Sir,

Kindly refer to the news item with above mentioned headline published in your esteemed daily on Dt. 07-05-2022.

The captioned news item is misleading and based upon an incorrect understanding of the factual position, in this regard, it is stated that a meeting on request of MLA Gandhi Nagar constituency along with a few representatives of market welfare associations, resident welfare association, traffic police, ACP/Gandhi Nagar and SHO/Gandhi Nagar was held on 05-05-2022 to discuss the problems faced by the residents due to traffic congestion in Gandhi Nagar area. Some points like removal of encroachment and monitoring of movement of heavy vehicles were discussed in this meeting for the welfare of public.

However this meeting has been shown as a political issue in the article printed in your esteemed newspaper. Police has convened the meeting to find out practical solution to ease out the problem of traffic jam. The article has been published out of context portraying a discussion over issues of public concern as one of political one-upmanship. Besides, publishing a story without even obtaining the facts from the concerned officials is not in the interest of objective journalism.

This instant rejoinder may kindly be published prominently in your esteemed newspaper so that the correct perspective may be available to your esteemed readers.

Yours Sincerely,

ANYESH ROY
