Dear

The Commissioner of Police, Delhi has desired that every District/unit DCP/Appointing Authority may write a letter of condolences to the next of kin of each police personnel in the unfortunate event of their death for any reason. While offering sympathy and support, you may mention the procedures for settlement of various terminal benefits and guidance on documentation. The name, designation, address and telephone numbers of the officer nominated for guidance on the same will also be included.

In addition to the above, you are requested to monitor progress in each case by review of the same on a consistent basis. Given the circumstances in which the bereaved family is placed, our pro-active approach would go a long way in mitigating their hardships and helping them stand on their feet again.

With regards,

Yours Sincerely
