Subject: Rejoinder of news item captioned "Bikers flee with jewellers silver"

Sir,

I would like to invite your attention to the news item captioned "Bikers flee with jewellers silver" published in your esteemed news paper today i.e. 12-05-2011. The headline of the news item is misleading and factually incorrect.

The news item "Bikers fled with jewelers silver" is regarding an incident which occurred in the area of Chandni Chowk(Gali Kucha Mahajani) yesterday. The story, the reporter had made is factually incorrect and it seems is based only on hearsay.

Though to give it a sembalance of a balanced story a senior police officer has been reportedly quoted.

The entire footage of the CCTV camera has been viewed number of times and no where there is any evidence of accused person having used any get away motor-cycle. Further more, our investigation also suggests the same.Thus it is erroneous to report that the accused were biker's.

Such lop- sided and sensational story should not have been published and will request you to carry out the denial with equal prominence in order to put the news item in proper perspective for your esteemed readers.

An early response will be appreciated.
