Subject: - Regarding news item "CAR KI BATTERY NAHI FATI THI, SAFDERJUNG ENCLAVE ME HUA THA BOMB DHAMAKA"

Sir,

This is with reference to the captioned news item which appeared in your esteemed newspaper today i.e. 27.06.12. The headline of the news item and related contents are factually incorrect and imaginative.

It is clarified that the correspondent has only tried to sensationalize the news item by giving incorrect facts and a sensational caption. The details reported in the news item are nothing but a figment of imagination with intent to highlight the issue in a different direction. Most of the information given in the news item is based on presumption and assumption as regarding to getting a spot visited by CFSL and other investigating teams. It is pertinent to mention that this is a normal procedure to get the spot examined by expert teams in order to rule out any possibility. The reporter has needlessly taken the visit of CFSL out of proportion. Had the correspondent verified the facts of the matter from the authorized senior officers, the correct facts would have been presented. This type of reporting amounts to giving wrong information to the public besides adversely impacting the credibility of the newspaper.

In view of the above stated facts and circumstances, it may be appreciated if the concerned correspondent is suitably advised to exercise restraint from filing such unverified/unconfirmed report which leads to unnecessary speculation and confusion.

It is therefore requested that the clarification to the news item may please be published in order to put the matter in proper perspective with the same prominence for your esteemed readers.

Yours sincerely,

(RAJAN BHAGAT)
